

GVMPO Annual Listing of Federally Obligated Projects – Federal Fiscal Year 2018

Federal law, as required by the Moving Ahead for Progress in the 21st Century Act (MAP-21, P.L. 112-141) and the Fixing America's Surface Transportation Act (FAST Act, P.L. 114-94), require the Grand Valley Metropolitan Planning Organization (GVMPO) to make available for public review an annual listing of transportation projects for which federal funds have been obligated in the preceding year. This includes roadway, bicycle, pedestrian, and transit projects and operations. This document serves as a record of project delivery and as a progress report for public information and disclosure.

This report lists each project that received federal funding during Federal Fiscal Year (FFY) 2018 and includes a brief description of the project, project location, the funding program or type, and funding amounts.

This report indicates that approximately \$12.59 million in federal funds were obligated for transportation projects within the GVMPO and Grand Valley Transportation Planning Region between October 1, 2017 and September 30, 2018.

The list of projects and obligated amounts begins on the following page.
